

2013 IEEE International Symposium on Antennas and Propagation and USNC-URSI National Radio Science Meeting

JULY 7-12, 2013 • LAKE BUENA VISTA, FLORIDA, USA

The 2013 APS-URSI Symposium is the premier international forum for the exchange of information on state-of-the-art research in antennas, electromagnetic wave propagation, radio science, and electromagnetic engineering.

This symposium and meeting are co-sponsored by the IEEE Antennas and Propagation Society (AP-S) and USNC/URSI. The symposium generally attracts over 1,500 attendees from around the world. Companies have historically attended the symposium in large numbers as exhibitors, many opting to increase their exposure through a sponsorship package.
